Authority and Reference: Pursuant to the authority vested by Section 1614 of the Business and Professions Code, and to implement, interpret or make specific Section 1754 of said Code; the Dental Board of California is considering changes to Division 10, Title 16 of the California Code of Regulations as follows:

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Adopt 16 California Code of Regulations Sections 1070.5

Business and Professions Code Section 1754 provides that the Board shall adopt regulations governing the duties that Registered Dental Assistants (RDAs) may perform. Subdivision (13) of regulation section 1086 provides that RDAs may use an ultrasonic scaler in the removal of excess cement from teeth under orthodontic treatment, but only after completion of a Board-approved course in this function. This proposed regulation would define the requirements that such courses must meet for Board-approval.

FISCAL IMPACT ESTIMATES

Fiscal Impact on Public Agencies Including Cost or Savings to State Agencies or Costs/Savings in Federal Funding to the State: None

Nondiscretionary Costs/Savings to Local Agencies: None

Local Mandate: None

Cost to Any Local Agency or School District for Which Government Code Section 17651 Requires Reimbursement: None

Business Impact:

The board has made an initial determination that the proposed regulatory action would have no significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states.

Impact on Jobs/New Businesses:

The Dental Board of California has determined that this regulatory proposal would not have any impact on the creation of jobs or new businesses or the elimination of jobs or existing businesses or the expansion of businesses in the State of California.

Cost Impact on Representative Private Person or Business:

The Dental Board of California is not aware of any cost impact that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Effects on Housing Costs: None

EFFECT ON SMALL BUSINESS

The Dental Board of California has determined that the proposed regulation would not affect small businesses because this regulation would define the requirements that course providers would be required to obtain Board approval.

CONSIDERATION OF ALTERNATIVES

The Dental Board must determine that no reasonable alternative it considered or that has otherwise been identified and brought to its attention would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action.

Any interested person may present statements or arguments orally or in writing relevant to the above determinations at the above-mentioned hearing.
